FREE PIKES!

The Court Says We Can Have 'em!

THE LEDGER WAS RIGHT

Now, Gentlemen, Let's Agree on a Price for the Roads!

AND BUY THE PIKES!

It's settled now! Mason county can have Free Turnpikes.

Several years since THE LEDGER inaugurated a crusade against the tollgatherers, in that they were a hindrance to commerce, an oppression on the people, and the relics of an age that has long passed in the progressive portions of this country.

Its warfare was against the system, and not against the owners of the roads. In its fight it had to combat an opposition that had become strong either through self-interest or through prejudice.

But it won; and when the Fiscal Court, acting under legislation that THE LEDGER contended was ample to cover all contingencies, appointed its agents to begin the work of repairing roads that had already been transferred to the county and constructing new ones, and levying a tax of 20 cents on each \$100 to pay for the same, the opponents of the measure went before Judge Harbison and sought to enjoin the collection of the tax.

That being refused, they then went before Judge Hazelrigg of the Court of Appeals, and that gentleman granted the injunction, pending a full hearing of the case in the Mason Circuit Court.

Upon the presentation of the facts and argument before Judge Harbison he dissolved the injunction, when the turnpikes carried their cause to the Appellate Court.

The case was ably conducted by Judge W. H. Holt of Frankfort, Hon. E. L. Worthington, Garrett S. Wall, George W. Adair and L. W. Galbraith of this city for Mason county, and by Senator William Lindsay of Frankfort and Messrs Cochran and Wadsworth and L. W. Robertson of this city for the turnpike folk.

Some month or more since the case was presented before the Court of Appeals.

And Friday a telegram was received from Frankfort saying that the judgment of Judge Harbison had been affirmed by the highest Court in the state.

To make a long story short, this means that Mason county can now proceed to "Make Travel Free" just as soon as she likes!

Well, then, let's "get together" and buy the good pikes that are already built at a price which shall be satisfactory all round!

OUR BASEBALL MAN

WHAT HE SAYS OF THE NATIONAL GAME.

Yesterday's game was a daisy—if you don't care what you call daisies.

It was a game of all-arts.

We thought the great triumphant air which the Pennsylvanians wore when they rolled into Mayville Thursday morning was knocked off them that afternoon by our little fellows, but we were for once mistaken.

The Manager smiled a smile as he thought how easy Slide would wallop the Locals, as he was their particular bright star whose brilliancy dazzled even himself, but after the small-statured gentlemen who compose the local team got through with him in the fifth inning there was a peculiar dullness about the star twirler that told plainly he was destined to be placed on the bench, to feel contented in looking at the next best shiner, Loyde, go in and share a like fate.

The Locals were never quieter during the entire game, and after Loyde was put in in the sixth inning they went at him with the same determination they used to "bench" Slide, which made Loyde extremely wild.

Loyde, however, can be excused, as he was suffering with a severe pain near his heart.

Curie pitched a fine game, and had the infield supported him as he deserved there would not have been nine hits on the score against him.

Rody played a good game, both in the field and with the stick, as did also Wadsworth, Gray and Kellner, while Lautenbach at short was all that could be expected.

Frank Wormald played right field, but he needs a little more "farming out" before he will be able to accomplish much.

Those who were out really enjoyed the game.

The Pennsylvanians are all a nice lot of fellows, and it is to be hoped that our citizens will treat them as such.

Umpire O'Donnell was away off in strikes and balls and close decisions on bases on both sides.

The game by innings was as follows:

FIRST INNING.

Gray smashed the first one up for a base, Lautenbach bunted, beat it out, but force Gray at second, Curie flew out to center, Lucas rolled an easy one to Slide for an out at first.

Ferguson hit to short for an out at first, Dugan's bat had a hole in it, Frey drove a fly into short center and Wadsworth made a great running catch of it.

SECOND INNING.

Sutherland hit to Slide for an out at first, Kellner walked, Wadsworth poked a beauty into left for two bases, Wormald couldn't see the hide, Rody knocked it crakky down to short for an out at first.

Lautenbach drove a liner down to Lautenbach that was too hot, and he fumbled it, and Latimer was arrested for trying to steal second, Roberts hit to left for a base, wiped second and was caught at third, Hunt beat the wind.

THIRD INNING.

Gray got a walk, Lautenbach smashed it to left for a couple, Curie rolled it into right for a base, scored the two runners, and was caught off first, Lucas died out to left, Sutherland put one down to short for an out at first.

Renner struck out, Whalen hit over second for a base, Slide hit to center for a base, Ferguson sacrificed, Dugan hit to Sutherland, who threw wild to third and two scored, Frey hit an easy one to second and got life, Dugan scoring, Latimer hit to short and forced Frey at second.

FOURTH INNING.

Kellner, Wadsworth and Wormald all hit to Slide for an out at first.

Slide drove one over short for a base and the two scored, Ferguson hit a fly to right, scoring "Bill Hassamer," who couldn't have caught it with a clothes-basket, Slide scored on a passed ball, Dugan fanned.

FIFTH INNING.

Rody walked and so did Gray, Lautenbach poked a hot tomato into left for a base and Rody rubbeded, Curie sacrificed to center and Gray scored, Lautenbach stole second, Lucas hit a pop in front of the plate and Latimer muffed it, and Sutherland got life the same way, Kellner drove it into left for a base and Wadsworth did the very same thing, Hiberger batted for Wormald and struck out, Rody out, second to first.

Frey hit to Sutherland for an out at first, Latimer flew out to center, Roberts went out via short and first.

SIXTH INNING.

Gray hit to first for an out, Lautenbach fied out short, Curie hit to second for an out at first.

Hunt hit to right center for an out, Renner flew out to Rody, Whalen hit to Sutherland for an out at first.

SEVENTH INNING.

Lucas hit to short for a base, Sutherland hit to short and forced Lucas, Kellner in turn did Sutherland the same way, Wadsworth flew out to third.

Loyde out via Gray and Lucas, Ferguson hit a hot one to Curie for an out at first, Dugan walked, Frey fouled out.

EIGHTH INNING.

Hiberger hit to first for an out, Rody took a walk, Gray got first on three strikes, Lautenbach flew out to third, Curie fouled out.

Latimer hit to short for an out at first, Roberts hit to Curie for an out at first, Hunt hit to short for life, but was forced out at second by Renner.

NINTH INNING.

Lucas and Sutherland walked, Kellner fired one past short for a base, Wadsworth's muffed it, forced Kellner at second, Hiberger walked, Rody poked one past short for a base, scoring Sutherland, Gray hit to first for life, Lautenbach forced out at third, Curie drove a hot sausage down to Whalen, who couldn't handle it and Gray and Lautenbach scored and Curie stole second, Lucas fired one to second for life, Curie scoring, and Lucas scored on Wadsworth's drive, Sutherland batted for Hiberger and went out via Loyde and Roberts, Rody hit in front of plate for an out.

Renner was easy at first, Whalen hit to short for an out at first, Loyde flew out to center.

FIRE IN THE COUNTY.

The Home of Mr. George Lingensfelder Totally Destroyed.

About 1 o'clock Saturday morning the home of Mr. George Lingensfelder, situated on the hill just Southeast of the city, was totally destroyed by fire.

The origin of the flames is unknown. The house had just been thoroughly repainted, and it was one of the best in the county.

Both building and contents were totally destroyed, the occupants barely escaping with their lives.

Mr. Lingensfelder saved only the shirt in which he was sleeping, and had to borrow clothes to wear to town.

Mrs. Lingensfelder, after escaping from the house, started back to secure some \$30 or \$40 which she had laid by, and was slightly burned, but she could not reach the money.

The total loss will reach \$5,000, on which there is an insurance of only \$1,100.

Mr. Lingensfelder will at once rebuild.

CYCLOMANIACS.

It was "the strong arm of the law," but it is "the strong leg of the cyclist," now.

The eternal fitness of things! A bicycle club somewhere has adopted the horse chestnut as an emblem.

It is a mistake to think that the wheelmen take the earth—all they want is good roads around the earth.

A curious fact in connection with the bicycling habit is that the wheel is always tired and the wheelman never is; yet they invariably cover the same distance.

An inventive genius tried to ride an electrically propelled bicycle recently and his body coming into contact with the motor, threw him from his wheel and he was killed. That was certainly shocking, to say the least.

The wheeling clubs, as wheeling clubs, should present with frigidly the "frozen fast" to the first politician who attempts to coerce them into becoming a political party. At least be free from the taint of professional politics.

The Hoge, Governor of the state of Texas, has demanded protection from the bicycle. He makes a general denunciation of the machine and the pastime. He is probably a specimen of the sort of Hogg whom we could well afford to lose in the dark.
